COMPUTER RECOMMENDATIONS

Minimum Computer Specs:

- Windows 10 Pro
- 8GB/500GB RAM/HD (SSD is fine)
- Intel i5, i7 or i9 processor
- 2.0 Ghz processing speed or better
- Firewall and Virus Protection software
- Scrubbed if it is not a new PC
- Used for livescan fingerprinting purposes only for security and performance reasons
- 10" x 15" to fit in the JumpKit Case

These are specs that States require, and we need adherence for compliance to CJIS Security Policies. CJIS Stands for Criminal Justice Information Systems.
